February 6, 2014

Mitsubishi Chemical Medience Corporation Announces
New Company Name and New Head Office

Mitsubishi Chemical Medience Corporation (MCM), a member of Mitsubishi Chemical Holdings Group, will change the company name to “LSI Medience Corporation” (LSIM) and also move its head office to a new location on April 1, 2014 as described below.

On February 6, 2014, Mitsubishi Chemical Holdings Corporation (MCHC) announced that it will establish a new healthcare company “Life Science Institute, Inc.” (LSII) as of April 1, 2014. MCM, currently a subsidiary of Mitsubishi Chemical Corporation, will become a subsidiary of LSII, therefore change its name to LSI Medience Corporation (LSIM) (appendix 1). Other companies to join and become subsidiaries of LSII are API Corporation, Qualicaps Co., Ltd. and Healthy Life Compass Corporation (appendix 2).

The establishment of LSII aims to develop and provide comprehensive healthcare solutions for the realization of a KAITEKI society as the fifth operating company directly under MCHC. Through innovative products and services, LSIM will aim to grow continuously as the core company of LSII group. The new symbol shows our corporate attitude of pioneering new areas (appendix 3).

KAITEKI:

We want to be a company that realizes KAITEKI based on our Group philosophy “Good Chemistry for Tomorrow.” KAITEKI signifies a sustainable condition which is comfortable not only for people, but also for society and Earth. As an integrated chemical company whose business domains include Performance Products, Health Care and Industrial Materials, we will contribute to solving issues in various fields including Living, Information & electronics, medical care, environment, and energy to realize KAITEKI. And we will take initiatives in promoting the realization of KAITEKI.

Our New Symbol

The symbol for the new company represents a “Human” using the initial letters of Life Science Institute and the DNA as the motif. With a sharp edge at the tip emphasizing innovation and growth, this shows our corporate attitude of pioneering new areas.

In addition, it also shows our desire to grow and deliver KAITEKI to the many people in the world.
